 WARNING
Read all precautions and instructions in this manual before using this equipment. Save this manual for future reference.

 IMPORTANT
Enclosure's are susceptible to winds. Be sure to secure your enclosure. Wind Damage is not covered in the warranty of your trampoline.

For Ages:

6+

IMPORTANT SAFEGUARDS

1. Always enter the enclosure only through the door of the net.
2. High winds increase the chance of a trampoline with enclosure being blown over. Always secure your trampoline by using an anchor kit.
3. Adequate overhead clearance is essential. A minimum of 24 ft. from the ground level is recommended. Provide clearance for wires, trees, and other obstacles.
4. It is recommended for at least 2 able bodied adults to setup the trampoline net.

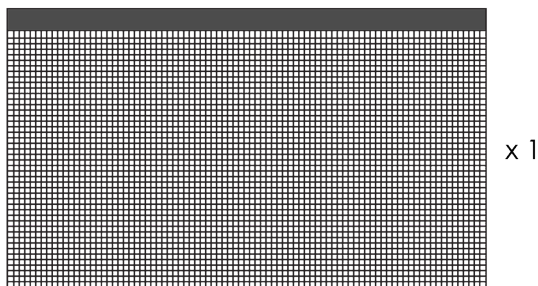

LIABILITY

While every attempt is made to ensure the highest degree of quality and protection in all equipment, we cannot guarantee complete exemption of injury. The user assumes all responsibility of injury due to use of this equipment. All merchandise is sold on this condition, and all equipment is used at the consumers risk.

CARE AND MAINTENANCE

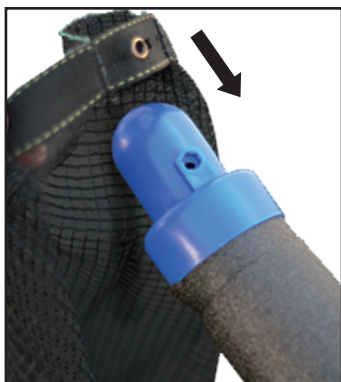

Always inspect your trampoline and enclosure before each use and regularly replace any worn, defective, or damaged parts.

PARTS AND ASSEMBLY

Net

Step 1) Remove your old net and the Enclosure poles from trampoline. With your new net, place the Net Strap Loop over the Pole Cap, aligning the grommet hole with the Pole Cap hole.

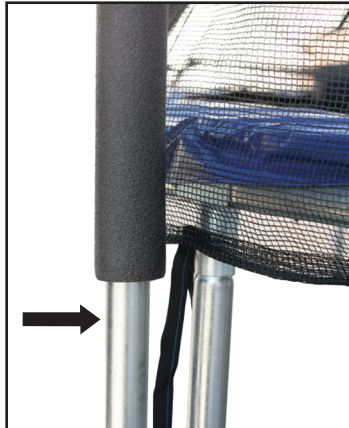

Step 2) Screw in the Thumbscrew so that it goes through the Net Strap Loop Grommet and through the other side of the Pole Cap. Lock these together by screwing in the nut on the opposite side of the Pole Cap.

Step 3) Attach the Enclosure Poles back onto the trampoline.

NOTE: Make sure that the net is in between the Enclosure Pole and Safety Pad before attaching the Enclosure Pole to the Trampoline Frame.

Step 4) Finish installing the net by securing the Net Straps to the frame of your trampoline.

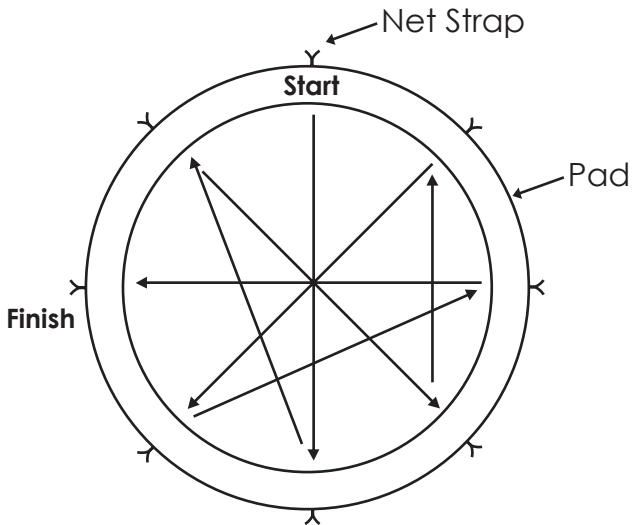

a) Loop the Net Strap through a V-Ring and tie off.

b) Tie off all of the Net Straps in star shaped pattern to evenly distribute the spacing of the net.

a)

b)

90 DAY LIMITED WARRANTY

1. There is a limited warranty and will apply only if the parts are properly returned to TrampolinePartsCenter.com return department with prior authorization.
2. All returns require to be returned to the proper address as provided by customer service, and all returns require to be issued a RMA number prior to returns. Any returns without proper RMA numbers will not be accepted.
3. All returns require original proof of purchase for any warranty claim. All returns must be accompanied by the original purchase receipt.
4. This limited warranty does not cover damage or loss from: wind, rain, fire, snow, ice, or other forces or nature, accident, normal wear and tear, improper assembly, disassembly, or adjustment during set-up or take-down, abuse, neglect, misuse or improper maintenance of this product and/or its parts. Any alteration to the original product voids this warranty.
5. To the extent of applicable law, any implied or written warranty of this product is only valid for the duration of this Limited Warranty. TrampolinePartsCenter.com does not warrant against and is in no way liable for any personal loss, injury, or direct or indirect incidental or consequential damage resulting from use of this product. Some states do not allow exclusion of or limitation of consequential or incidental damages, so the above article may not apply to you. The limited warranty give you specific legal rights, however your legal rights may vary depending on your state.
6. Upon receiving an Authorization for return from TrampolinePartsCenter.com you must submit your warranty claim to the address as provided to you by customer service. Buyer is responsible for all shipping costs incurred, except in the case of manufacturer defect. All warranty claims must be accompanied by original receipt of purchase, and will not be accepted after 90 days from original purchase.
